Professional Summary

I am a 19-year-old photographer and videographer specializing in automotive photography and videography. My passion for cars has been with me since childhood, allowing me to create visually striking content that captures the beauty and power of vehicles.

I stand out by shooting all my projects exclusively with a mobile phone while using professional equipment and editing software for high-quality results. Photography and videography are not just work for me but a passion into which I invest all my effort.

Key Skills

- Automotive photography and videography
- Mobile photography with professional accessories
- Advanced photo and video editing (Adobe Lightroom, Photoshop, Premiere Pro)
- Client communication and understanding their needs
- Creative problem-solving for perfect shots
- Developing visual content for various platforms (web, social media)

Professional Experience

I work as an independent photographer and videographer, carrying out automotive-related projects for clients, businesses, and car enthusiasts. My website, rwvisuals.eu, showcases my work.
